FOR IMMEDIATE RELEASE

**PORTLAND NON-PROFIT SCHEDULED TO SEND 40 FOOT SHIPPING
CONTAINER OF DONATED MEDICAL SUPPLIES TO PAKISTAN**
Local Effort. Global Impact.

Portland, Maine (September 30, 2019) - On Tuesday, October 1st at 9AM Partners for World Health (PWH) is set to send out their 9TH medical container of 2019. Each commercial shipment container is 40 feet long and holds approximately 15,000 pounds of donated medical supplies and equipment. This month's shipment is headed to Pakistan.

PWH is partnering with Helping Hand for Relief and Development (HHRD). HHRD is committed to serve humanity by integrating resources for people in need. They strive to provide immediate response in disasters, and effective programs in places of suffering, for the pleasure of Allah.

Medical facilities in developing countries face dire needs for basic supplies such as gauze, masks, and gloves, as well as the equipment that "makes a hospital a hospital". PWH delivers these items annually. These shipments are made possible through financial donations as well as the tireless efforts of dedicated staff and devoted volunteers.

PWH staff and volunteers gather at their shipping center warehouse, **312 Canco Road, Portland Maine**, once a month for a busy morning of strategic planning and packing. The team ensures every inch of the container is filled with medical items that will have an extreme impact in the developing world.

Partners for World Health is a 501 (c)3 non-profit organization.
